

ZARA LED

New LED Parking Lot & Area Light

Can equip with multiple brackets

The new zara series LED parking lot & area light is the fantastic result of AOK's R&D in 2015. This is a perfect solution for outdoor parking lot and area lighting. Considering the preference of the installation styles in different countries in Europe, North American, and Australia, the iT series come with 4 main variants: style A-D, to mostly suit the local demand and easier for our customer in making project. The body of the iT series is just so slim. But behind it is the superb system efficacy, heat radiation ability and tough endurance for brutal working environment. The new iT series is from 75W to 265W, can replace up to 1000W traditional luminaire.
